56

Ensuite rooms

1

Apartment

Hamberley Neurocare in Southampton will provide rehabilitation, recovery, and residential care for people living with complex neurological conditions.

Set to open in autumn 2024 in Nursling, on the north-west side of Southampton, the service will have a physiotherapy gym, medical consulting rooms and lounges, dining rooms, and a café bar. Accommodation consists of 22 ensuite rooms on the ground floor, 22 ensuite rooms and an independent living apartment on the first floor, and 12 ensuite rooms on the second floor.

Hamberley Neurocare Southampton is built around the requirements of people living with complex needs. It elegantly combines style and

function to create an environment of comfort, possibility and potential.

We place the people we support at the heart of our service and shape our specialist care and rehabilitation around their unique needs. There is no such thing as one-size-fits-all with us. Working together with individuals, families, and care commissioners, our clinical team, multi-disciplinary therapists and innovative Life Skills Specialists ensure the highest quality outcomes for the people we support.

Funders can be confident that rehabilitation is cost-effective, with responsive therapeutic and nursing input which changes as people progress towards their goals.

Care and rehabilitation for complex conditions and symptoms

- Neurological conditions including MND, MS, Parkinson's and Huntington's disease
- Traumatic, acquired and hypoxic brain injury
- Spinal cord injury
- Stroke
- Cognitive and behavioural conditions
- Tracheostomy management and ventilated care
- Neuropalliative and end-of-life care

Please contact Cheryl Cowell, Business Development Manager to make a referral or arrange a visit to the service.
